

FOR SALE 'CONALL'

7 Year Old Registered Connemara gelding.

Dapple grey 15.2/3hh

Has been regularly schooled, hacked out in company and on own, and started jumping in 2008 by 16 yo daughter.

He has not jumped since early 2009 (but continued to hack happily) as mild intermittent RH lameness occurred and vets were unable to come to any conclusions until April 2010, but has been corrected with remedial hind shoeing, and he is now sound.

Lovely temperament, easy to catch, shoe, load and clip, with no vices but can sometimes be a bit cheeky.

He will make a lovely hack for a competent lightweight adult, and with time and patience could be brought fully back into work and jumped again, but due to forthcoming A levels we are unable to give him the time he needs.

A much loved horse, so a 5* home is priority, hence the price £1000 ono.

Please feel free to phone with any questions.
