

High Meadows
Holtze Road
Hammerwood
East Sussex
RH19 3QB

High Meadows is on the A264 Holtze Lane, coming from East Grinstead it is just after Shepherds Grove Lane on the opposite side of the road. From Tunbridge direction it's a little way after Cansiron Lane and is on the same side of the road. Obviously if you have past both you've gone too far!

There is short driveway enough room to pull in off the road while the electric gates work (normally you just drive in towards the gates and they'll open automatically- unless you're the 1st of the day and you might have to press the buzzer), car parking and horse transport is on the gravel, after passing through the gates turn right immediately and park beside the indoor school.

The mechanical horse is in the far right hand corner stable, there will probably be some having a lesson before you. Just take your saddle go into the Stable and wait until the previous person is finished, there is a chair in the corner.

Michelle runs to time and it can be a bit tricky to find the first time, especially if it's dark, it's well worth getting there a few minutes early.

Michelle's contact number is 0780 3085866 should anything go horribly wrong with finding the place.
